Re: *Oracle Corp. v. epicRealm Licensing, LP*; C.A. No. 06-414-SLR
QuinStreet, Inc. v. epicRealm Licensing, LP; C.A. No. 06-495-SLR

Dear Judge Robinson:

EpicRealm writes this letter to briefly outline the discovery disputes between Oracle and epicRealm and QuinStreet and epicRealm in anticipation of this afternoon's hearing.

With respect to Oracle and QuinStreet:

EpicRealm and Oracle have agreed to substitute Parallel Networks as the real party in interest for epicRealm. EpicRealm and Oracle will file the appropriate documents to effect this substitution. EpicRealm and QuinStreet have not reached an agreement on this issue.

With respect to Oracle:

Oracle's Document Production. Oracle has not completed its document production regarding Oracle products long known to be at issue and will not commit to a date for its completion.

Oracle's Production of Source Code. Oracle has agreed to produce a Rule 30(b)(6) witness on source code but will not commit to a date for the deposition. Moreover, there is a dispute as to the most convenient location for the deposition.

The Honorable Sue L. Robinson

With respect to QuinStreet:

QuinStreet's Production of Documents. At the September 20, 2007 hearing, this Court ordered QuinStreet to produce all the information that QuinStreet has about the five platforms that QuinStreet contends are at issue.¹ QuinStreet has not produced these documents.

Respectfully,

/s/ Richard L. Horwitz
